DIXON ENTERPRISE IS RECOGNIZED

PERIODICAL CONTAINS ILLUSTRATED ARTICLE ON DIXON'S "WHITE WAY."

FALL RIVER, INSTALLS SYSTEM

But Pays More for Light Than Does Dixon—Writer Praises Local Merchants for Energy Displayed.

The November issue of Electrical Merchandise, a periodical devoted, as its name indicates, to the world of electricity, published an illustrated article telling of Dixon's new ornamental lighting system and comparing it to a similar system installed at Fall River, Mass., a city of about 110,000 population. The illustration shows the first street illumination under the new system and the magazine said under the cut "local central station and the young merchants fought shoulder to shoulder to bring this street lighting to Dixon, Ill."

The article shows that the Fall River people are paying more for their lights than are the Dixonites, the price being 30 cents per night for each lamp from dusk until midnight. Dixon's lamps cost less than 13 cents each per night. Commenting on the Dixon lights the periodical says:

Fall River, Mass., and Dixon, Ill., have just installed "White Ways," the installation in each instance being the result of energetic work on the part of the merchants and the central station's sales departments. The property owners also took a hand in Dixon.

The Fall River system consists of an original installation of 96 6.6 amp inverted magnetic arc lamps, with more to follow. It was installed by the Fall River Electric company as the result of a vigorous campaign conducted by the merchants' association. The Dixon lighting system consists of forty inverted luminous arcs, set 100 feet apart on steel trolley posts, eighteen feet above the street level. It was installed by the Illinois Northern Utilities Company.

In Dixon, the cost of the installation was paid for by the merchants and property owners, the city paying for the lighting at the rate of \$47.00 a year for each light burning from dusk until 11 o'clock on every night except Saturday, when it will burn until 12 o'clock. The merchants were so well pleased with the first forty lights that subscriptions were raised for seven additional lamps the second day after the installation. On the whole, it is a remarkable showing for a town of scarcely more than 7,000 population and which is now paying \$1.50 per capita for street lighting. Hundreds of people attended the opening of the "White Way," and speeches were made by the mayors of three cities.

Dixon is headquarters for the Illinois Northern Utilities company, which operates in 4,500 square miles of territory in Northern Illinois.

Charles B. Yonts, general contract agent of the company, had charge of the campaign.

EXCELLENT TALENT FOR R. R. ASSEMBLY

DR. ALTMAN HAS CONTRACTS WITH NOTED PLATFORM ORATORS FOR NEXT YEAR.

WELCH MALE SINGERS HERE

Noted Company of Male Voices Will Be a Big Attraction at the Assembly.

Dr. F. D. Altman, chairman of the program committee of Rock River Assembly, has practically completed the program for next year's chautauqua, and the engagements he has closed cause him to predict a much stronger and more expensive program for next year than for several years past. Among the high class talent recently secured are some attractions of sterling worth which will insure an excellent program.

The big attraction next year will be the Guilt Welch Male Singers, sixteen trained vocalists from Wales, who are said to be one of the most popular organizations of their kind in the world. They will appear at the Assembly the last Saturday and Sunday.

BORDEN COMPANY ANNOUNCES BONUS

LOCAL MILK COMPANY GIVES DAIRYMEN ADVANTAGE OF INCREASE IN PRICE.

The Borden Milk company today announced that a voluntary bonus of 13 cents per hundred pounds had been granted by the company on all milk delivered during October, and the checks for this bonus were made out today. The increase, which is in keeping with the company's policy to give the dairymen every possible increase in price merited by market conditions, means an additional outlay of over \$2,000 by the local factory.

NORTH SIDE SCHOOL NEEDS MORE ROOM

NORTH DIXON RESIDENTS WANT TO VOTE ON PLAN TO BUY MORE PROPERTY.

A petition signed by the required number of voters has been presented to the North Dixon board of education, asking that a special election be called for the purpose of voting on a proposition of issuing bond to the amount of \$1,800, the proceeds to be used to purchase the northwest quarter of the block now occupied by the school buildings. The property, known as the Rock property, is needed, according to the members of the board and those who have studied the question, for the proper facilities for the children. The board will call the election, the date to be announced later.

SWISS BELL RINGERS AT BAPTIST CHURCH TODAY

The Swiss Bell Ringers, who will give two concerts at the Baptist church today, arrived in Dixon at 11 o'clock. The company of three consists in a father, mother and daughter, all talented musicians. "If the Georgettes ever come this way again it will be 'standing room only,'" says the New Castle Herald. They will pass this way but once. They go to another city tomorrow.

EMBARRASSING MOMENTS

HUERTA RAISES THE TAXES IN MEXICO

HIGH TAX ON COTTON WILL MAKE GREAT BURDEN UPON CITIZENS.

INDIAN SITUATION IS BAD

Four Hundred Navajos Reported Preparing to Attack Shiprock, N. M., This Noon.

Washington, D. C., Nov. 20—Special to Telegraph—Vigorous denial was made at the White House today in regard to the report that new demands have been sent to Charge D'Affairs O'Shaughnessy at Mexico City. Reports that any communication presaging a change of policy on the part of the United States have been sent by President Wilson or Secretary Bryan were denounced as false.

HUERTA RAISES TAXES.

Mexico City, Nov. 20—Special to Telegraph—Basing his justification on the grounds of military necessity and that the war with the rebels had made such action necessary, President Huerta has issued a decree declaring a tax of eight cents a kilogram on the production of cotton. This will make an enormous additional burden on the already tax ridden nation.

INDIAN SITUATION BAD.

Shiprock, N. M., Nov. 20—Special to Telegraph—The Indian outbreak is assuming most serious proportions today. At noon 400 members of the Navajo tribe who have been burning signal fires and dancing war dances, made preparations to attack this place.

PANAMA STORY WILL BE RESUMED

The interesting story of the Americans in Panama, which started Monday in the Telegraph, was crowded out last night by the large amount of news and advertising, for the important news of the day comes first, and will also be crowded out of the paper this evening. The story will be resumed tomorrow or Saturday evening. Do not miss it. If you did not start the story you can pick up the thread of it at any chapter. It is absorbing and instructive.

BASKETBALL TONIGHT.

The first basketball game of the season will be played at the Y. M. C. A. at 7:30 this evening when the Dixon high school organization, although this will be a practice contest it is expected it will prove very interesting.

VIGILANCE COMMITTEE THREATENS NEGRO POPULATION OF CITY

CITY ATTORNEY KELLER RECEIVES ANONYMOUS LETTER FROM "THE BAND."

CLAIM LARGE MEMBERSHIP

Writer Says All Colored People Must Be Sent From City or "Band" Will Act.

City Attorney Mark Keller this morning received through the mail an anonymous letter, poorly written, instructed and spelled, which the authorities are now investigating, and which will in all probability be turned over to the postal authorities after the city officials have completed their inquiries.

The letter is the result of the alleged attempted attack by a local negro on an eight-year-old girl last Friday, and in the letter the assertion is made that if the city authorities do not rid the city of colored people within twenty days a "band" will start a "clean out." The writer states that already 250 men are members of the band and that within 24 hours the membership will reach 500. The letter is signed "Committee of the Band."

Search for Author.

The city officials, who believe the misspelled words were intentionally written in that manner in an effort to mislead the officers, have started an investigation in an effort to learn the author of the epistle. Should the local authorities fail in their effort, the letter will be turned over to the postoffice inspectors.

EXPECT GOOD CROWD.

Indications are that the dance to be given by the high school football team at Rosbrook hall tomorrow evening will be very largely attended, inasmuch as the team is worthy the financial support desired.

INJURED GIRL SETTLES WITH RAILWAY CO.

Miss Mabel McCullom, one of the three young ladies injured in the railroad accident at Stockton three weeks ago, has made a settlement with the railroad company whereby she is paid \$500 and has all hospital expenses and physicians' fees paid, both while she is in Dubuque and after she returns home, as long as she requires medical aid.

CITIES MUST TREAT SEWAGE SAYS STATE

CITIES ARE BEING INFORMED SEWAGE MUST BE TREATED.

BEFORE DEPOSIT IN RIVER SOME INTERESTING TALKS

Time Not Far Distant When Depositing Sewage in River Will Be Forbidden By Law.

The Rivers and Lakes commission of Illinois, composed of A. W. Charles, chairman; Walter A. Shaw, Thomas J. Healey and Secretary Charles Christman, has sent to the mayors of cities on the Illinois rivers, letters of inquiry, asking what disposition is being made of sewage and calling attention to a recently amended law which provides that the commission shall see to it that all streams and lakes in the state, over which the state has jurisdiction, are not polluted or defiled by the deposit or addition of any injurious substance that will destroy fish or other aquatic life.

It is generally believed that eventually the state will prohibit sewers being emptied into the waters of the state and that this law, which practically required that all sewage be treated before it is emptied into the rivers and lakes, is but a forerunner of the absolute prohibition of the practice.

SECOND NUMBER OF Y. M. C. A. COURSE DEC. 1

The titanic character of the Grand Canon of Arizona will be reproduced by Lyman H. Howe at the opera house under the auspices of the Y. M. C. A. This appalling fissure is universally recognized as the most wonderful geological spectacular phenomenon known to mankind. Stolid indeed must be the spectator who can view the unearthly splendor of the sublime gorge without gaping in astonishment. Its like is found nowhere in the world. It impresses the mind as a chaotic under-world, just emptied of primeval floods. The spectacle is so vast that it seems to elude all sense of perspective or dimension. It is entirely beyond the faculty of measurement. And while it is terribly real, it seems spectral as a dream. It comprises a labyrinth of huge architectural forms, endlessly varied in design. On an awe-inspiring scale it alone expresses what the greatest poets, painters, sculptors, orators or musicians of all ages have ever tried to express.

A faint realization of the immensity of the scene may be derived from the fact that in comparison with Niagara, the latter would seem nothing more than a mere rivulet.

Mr. Howe's reproduction also portrays the means of descending into the canon via muleback over a trail zigzagging at an unrelenting pitch.

Among the twenty other big features to be presented are thrilling scenes of rescuing survivors during a terrific gale from an ocean grayhound dashed on the rocks and torn by raging seas; an aeroplane ride over Paris; wonders of deep sea life; a motor ride through French Alps; a study in palmistry and many others.

HERE MARKING ROADS

A party of representatives of the Goodrich tire company yesterday afternoon passed through Dixon on a trip over the great Lincoln national highway. The tire people are marking the highway with neat and appropriate signs, showing all turns, and the route to all contiguous towns and cities.

LINCOLN HIGHWAY IS ASSURED DIXON

PERMANENT ROAD BOOSTERS HELD AN ENTHUSIASTIC ROAD MEETING IN STERLING.

SOME INTERESTING TALKS

Newspapers Pledge Support—Lincoln Highway Must Be Built Better Than Other Highways.

Prominent road enthusiasts met at Sterling yesterday afternoon and evening in a meeting that should result in much benefit. The meeting was for the purpose of promoting the interests of the Lincoln highway and the transcontinental route, which are practically merged into one now, were on the platform to tell the audience what real permanent roads would do for them, to tell what is being done to promote the Lincoln highway, how it was to be financed, where it was to go, etc.

Will Go Through Here. Positive assurance was given that after two years' investigation from all viewpoints the transcontinental route which runs through Rochelle, Ashton, Nachusa, Dixon and Sterling will be the Lincoln highway. Nothing can change it—we will have the road.

However, that does not mean we will have the only transcontinental highway, or the best one, for other communities are just as busy as we and are working for their own interests. There will be many transcontinental highways across the continent, and the only way for the people living along or near the Lincoln highway to realize any benefits is to have the very best highway of them all, for the traffic will follow the smoothest, most dependable, best marked, most beautiful route.

The Lincoln Highway association is after ten million dollars, most of which will be used in the west where a good road is unknown. They have about five millions now. The money must all come from private subscription, for no federal aid is expected.

Held a Banquet. A banquet was tendered visiting bankers and newspaper men at the Sterling club at 6 o'clock last evening. After dinner speaking was very entertaining and some forceful, inspiring talks were delivered. The feature of the newspapermen's words was their pledge to open their columns for free use in aiding the Lincoln highway campaign, which they consider one of the most vital and important problems before this nation—the beginning of a permanent road era.

LECTURE TOMORROW NIGHT

The lecture on the Panama canal, by Congressman Martin B. Madden of Chicago, will be the feature of the meeting of the Men's club of the Y. M. C. A. tomorrow evening and begins promptly at 8 o'clock. All wishing to hear and see the wonders of the big engineering project are asked to be in their seats before that hour. The meeting is open to wives and families of members of the club.

WAS POWERFUL SERMON.

A large audience heard a powerful sermon at the Christian church last night by Evangelist C. C. Carpenter. The speaker showed himself a master of difficult situations when compelled to speak part of the time in jet dark because of the failure of the current. He held the attention of his audience through it all. He is doing the kind of preaching that the church needs to hear.

Mrs. L. E. Edwards sang last evening, to the delight of all. Service tonight at 7:30. Subject, "Finding Fault."

ALL ENJOYED BINGHAMS.

Paah Bingham and his wife entertained a very large number of Elks and their families at that club last evening, the occasion being the second of the series of entertainments arranged by the house committee. Mr. Bingham is a clever musician and entertainer and his words here last evening drew for him very enthusiastic and generous applause.

Dementtown Doings

Walch Depot Avenue Grow

Two wedding parties Wednesday, this bunch goes forth to shoot. We get them all.

Speaking of weddings, Frank J. McLochin, one of the principals in the Blackburn-Lochin affair, was on the avenue early Wednesday morning and had a shave. It was in Jim Allen's shop that we had the pleasure of meeting the gentleman. Not one bit nervous was the young man. He was accompanied by his best man John Dahl. He also had some attention paid to his face and his locks. And John Murphy of Chicago was with the party. He requested tonic for his hair. It was a merry party. The groom, commander-in-chief, told us that he was born at Grass Creek, Ind., and that he and his little wife expected to spend a portion of their honeymoon there.

Allen Fane went to DeKalb Wednesday to join the Northwestern painters.

Chris Blackburn, the dandy little brakeman on the Peoria passenger, was seen on the Los Angeles limited yesterday morning.

And the Los Angeles Limited stopped at Dixon Wednesday morning. Another instance of Dixon being on the map.

George Stainbrook and a friend have signed a contract to cut cord wood on the land of Dennis Gilteneane. George was seen yesterday morning on the avenue with an axe. His friend carried a large saw.

Walter Trautman—Why is Lord's hill like a factory? The gentleman was trying to tell us something but got mixed in his ideas. Can anyone help him out?

Hotel Santone, the hotel on the avenue, dined the Plaster Paris company Tuesday afternoon. The company transferred Wednesday to the Honey Boy Minstrels put up at the hotel of the avenue.

Yesterday we saw these gentlemen in an auto headed for the hunting grounds: Lee Dysart, Jule Williams and Leon Hart. Several tame chickens will get it in the neck when

Miss Gertrude Leah Castles is visiting friends and relatives at Walnut.

Steve Scully is ill at his home in Chicago.

Col. Charles Noble was on the avenue yesterday morning calling on friends. We are always pleased to see the Colonel with us.

F. C. Wagner autoed to Eldeña Wednesday morning.

Jimmie Reynolds was in Sterling Tuesday evening and attended the fair. Jimmie is going to Sterling quite often.

Daniel McIntyre, Jr., has accepted the position of night baggageman at the Northwestern.

One week from today we will all dine, lets us hope, on turkey. We can have cranberries, they don't come high, and they remind us so much of the day. Thanksgiving. Don't it come often to we old fellows! The years slip away mighty fast when your hair begins to turn gray. Is mother living—invite her to your home and have her as one of your guests. Have father come with her. If the children are away from home invite them home for next Thursday. Be as happy as you can on this day. Forget matters that trouble you. Wipe all troublesome matters off the board. Be thankful. We all have something to be thankful for. Make the day a good one. Arrange for Thursday now. Don't delay. Make as good a dinner as you can. Get a flower or two for the table. Maybe this Thanksgiving day will be better than the one a year ago. Let us hope so.

Let us hope we get the new factory. We have the shoe plant here, let us operate it and put men to work. Don't let any little mater stand in the way. We all remember the good old days when the shoe factory was running full time. Of course we are still on the map; but let us publish the word, DIXON on the map in large type.

Next Tuesday is the last day you can shoot prairie chickens. Get busy. Quail run over until December. But the poor rabbit, nobody gives a— for him. He must die any old time. But don't shoot a "bunny" just for fun. Shoot what you can use and let the other poor devils live for the sake of living anyway. Some of us are rabbits.

Determine to be a good fellow this year.

Genuine Maple Sugar.

There are few people outside the maple sugar making districts, says a writer in the Country Gentleman, who really know what the genuine article tastes like. The superior flavor thus spoken of is probably due in a degree to the same causes that make strawberries eaten off the vine and cherries consumed on the tree so delectable. The writer quoted, however, puts some of the blame for the poor flavor of commercial maple sugar on the "wily wholesale dealer and mixer."

A Catastrophe.

A woman in one of the wards in the Rhode Island hospital was informed she had appendicitis and would have to be operated on at once. Much frightened, she reluctantly consented and was conveyed to the operating room. One of the doctors had commenced to administer the ether and her eyes were closing languidly, when he discovered he had forgotten to inquire if she had false teeth. He quickly removed the rubber cap, and shaking her slightly, he said: "Have you anything loose in your mouth?" Then, as he made a move to put his hand in her mouth, she opened her eyes wildly and exclaimed: "Nothing but my tongue, doctor, and for God's sake don't cut that out, too!"—National Monthly.

Opportunity for Good.

The members of the Home Missionary society of the M. E. church are gathering articles of wearing apparel for the family of a minister of the frontier, in Sun River, Mont. The family consists of five boys ranging in age from five to ten year and a six months' old girl. The members of the society are to pack a barrel or box for these people and will gladly accept articles of clothing. The weather is extremely cold in Sun River and the letter spoke of the minister's fur coat being worn out, and one is almost necessary in that country, riding on a circuit. Any good, warm article of clothing will be gladly received if left with Mrs. O. B. Anderson on the North Side of the river or with Mrs. In Lewis on the south side. The lad mentioned, the wife of the minister is quite a large woman, quite heavy set, but not tall, and it seems that articles of clothing for her, also, would be most acceptable.

Missionary Class.

Dr. Altman has also secured Mrs. Hallie H. Hill of New York City, secretary of the Women's Missionary department of the M. E. church, to have charge of the Interdenominational Missionary Study class at the Assembly. She will be here the first week of the session.

Levan, of which Mrs. Deeter is a member, and the Bible class of the same church taught by Miss Carrie Smith and a few others of the Sunday school.

ings bank, which failed for the huge sum of \$1,400,000 in 1910, involving in ruin thousands of the Swiss poorer classes, has given its verdict. Three directors were acquitted, four were sentenced to imprisonment for terms varying from 15 days to three months, whilst the cashier, Albrecht, received one year's penal servitude. From the point of view of British justice the sentences are very lenient, but the principal culprit, Muller, who lost all the money and shot himself soon after his arrest, was the chief manager, and the directors, who had too much faith in him, also lost heavily. Since 1910 several directors of this bank have died and a number of ruined creditors have taken their lives.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription.

ILLINOIS NEWS NOTES **SPLENDID PROGRAM IS ARRANGED**

Springfield—Banks, business houses and police officials are in a state of excitement here today as the result of the discovery that counterfeit silver dollars have been unloaded in large numbers in this city during the last few days.

Rock Island—The Schmidt Bros. Engine works at 1338-44 West Third street, Davenport, burned to the ground, entailing a loss which is estimated at from \$150,000 to \$200,000. The Fuhs Blue Print Paper company, next to the factory, was also burned, and several houses and buildings in the vicinity were badly scorched.

Moline—Mrs. Laura A. Cox passed away at Mercy hospital yesterday morning, from blood poisoning which resulted from being cut on the hand by the fin of an eight-pound cat fish last Wednesday.

Belvidere—While Mrs. Rose Rowan and son, Warren, were at the Majestic theatre, burglars entered their residence and carried away loot in diamonds and jewelry worth probably \$1200. A vicious looking bulldog left in the house, evidently paid no attention to the intruders.

Rock Island—Sheriff Oscar L. Bruner of Rock Island county, whose office has been under investigation repeatedly and persistently for the past year, was vindicated for the third time by the September grand jury when that body voted against bringing new indictments against him.

The grand jury's report to the circuit court was received by Judge Robert W. Olmstead. One ballot was taken in which the sheriff was vindicated. The information which State's Attorney Thompson offered as evidence to the investigating body was finished early today and the balloting followed.

Moline—Unmindful of the fact that he was harboring a betrayer in his home, William Riechert of Silvis, an engineer in the employ of the Rock Island, returned home from his daily run several days ago to find his home deserted, his wife, all his personal belongings, furniture and money, and his roomer, W. W. Cotts, alias W. W. Johnson, also an engineer, employed by the Rock Island road, missing.

Springfield—Caught in a riveting machine operated at 20,000 pounds pressure, Jos. England, 28 years old, was killed this morning, after being mangled into an almost unrecognizable mass. The accident occurred in the Springfield boiler works where England was employed. His clothes became caught in the machinery and he was drawn into the apparatus before his fellow workmen could turn a hand to help him.

Ottawa—Lawrence White, recently pardoned from the Illinois state penitentiary, after serving a number of years for the murder of Harry Levy in La Salle county, is an inmate of a hospital at Ottawa at the present time, suffering from an accident which it is expected will result in the amputation of both his legs.

White was working on the Rock Island assisting in the unloading of some marble from cars at Ottawa, when a heavy piece shifted and fell on him. Both of his legs were broken and crushed. He was hastened to a local hospital for medical treatment and it is believed it will be necessary to amputate, although the physicians have decided to await developments.

POOR LITTLE RABBIT.

Poor little rabbit! The prey of three determined and murderous hunters. The sympathy of an entire community goes out to the one poor little bunny that laughed itself to death yesterday morning when it watched the skill of Lyle Messer, Fred Salzman and George Saumby, who spent the entire day hunting. The pathos of the story is in the fact that the hereinbefore mentioned poor little rabbit was the only game the hunters secured.

TO BOWL TONIGHT.

The Methodist and Lutheran teams of the Y. M. C. A. bowling league will meet at the association alleys tonight. The contest between the Christians and Presbyterians last evening was won by the former, by 125 pins.

OBITUARY

MARY STEARNS WELCH.

Mary Amelia Stearns was born Sept. 29, 1862 in Russel Province, Ontario, Canada. She came to Illinois with her parents in her youth and was joined in marriage to Wm. W. Welch Sept. 19, 1882. She departed this life in the night of Nov. 14, 1913, at the age of 51 years and 15 days. She is survived by her husband and five children: George, Nellie, Emmaline, Sadie and Chauncy, also by an aged mother and two sisters, four brothers and a host of other relatives and friends.

Mrs. Welch has been a great sufferer for some time, her health failing about two years ago.

About three months ago she submitted to an operation in the hope that it might bring relief, but no relief came. A complete breakdown of her nervous system resulted, causing fearful mental distress, bringing her life to a sudden close at her home in Amboy.

Mrs. Welch was an intelligent, industrious and highly respected lady and will be sadly missed by loved ones and friends. All that loving hearts and willing hands could do was done by husband and children to make her life as comfortable as earthly friends can make it. In her quiet and reserved way she served her Lord, whose atonement covers all cases for which we are not responsible.

The funeral services were held at the home last Monday, in charge of Rev. L. B. Tobias. The floral offerings were beautiful and a touching tribute. Burial took place in Amboy cemetery.

MAY GET TURKEY

BY PARCEL POST

You can have your Thanksgiving turkey shipped in by parcel post if it does not weigh more than twenty pounds wrapped for shipment and his total size is not more than 72 inches in length, and circumference. Moreover, being in the nature of perishable goods, it may not be sent further than the limits of the second zone, a distance of 150 miles from from his starting point. As turkeys are said to be very scarce in some parts of the country it is believed this method of transportation will be largely used. The question of the distribution of the turkey crop is always a momentous one at this time of the year and helping in its solution will be included among the benevolent offices of the parcel post.

MOVE TO OTTAWA TO LIVE.

Mr. Teachout's new business is reported to be a flourishing one, and the best wishes of a host of friends in Dixon will follow him to his new home.

Economy in High-Producing Cows.

The highest producing cows are, on the average, the most economical producers. It is true that the cost of feed eaten by these cows is considerably higher than for the low producers, but since the products obtained are much more valuable than the feed consumed, and since a larger portion of the net energy in the feed eaten can be used for the production, in the case of such cows, the net return secured are increased to a far greater extent than the increase in cost of feed.

Good Separator.

A good separator, when properly handled, should not leave more than .05 per cent. of fat in the skim milk. This means that but one pound of fat is left to every 200 taken out.

Record for Jersey.

Five thousand pounds of 5 per cent. milk is not a very high record for a good Jersey. Are your beefy milkers doing half as well?

HUERTA DEFENDS ACTS IN MESSAGE TO NEW CONGRESS

Asks Legislative Approval of Way He Has Managed Government.

QUOTES NAPOLEON IN "NOTE"

President Justifies Act of Jailing Deputies—Tells Lawmakers That the Eyes of the World Are Upon Them.

City of Mexico, Nov. 20.—Huerta's son-in-law, Col. Luis Puentes, suddenly started for the United States on a secret mission to President Wilson.

City of Mexico, Nov. 20.—President Huerta today presented his message to congress attempting to justify his dictatorial acts. Meanwhile a great international fleet is virtually lying at the Atlantic and Pacific ports of Mexico.

Huerta Embraces U. S. Envoy. While Huerta says in his message that he expects to pacify the country, the rebels are gaining. A private telegram received said Tepic, capital of Tepic, had been captured by Carranza forces.

Meantime Huerta was giving a reception to the diplomatic corps at Chapultepec castle. This was attended by Mr. O'Shaughnessy, American charge, whom Huerta greeted effusively.

After embracing Mr. O'Shaughnessy and talking with him a moment General Huerta raised a glass and said:

"Gentlemen, and you of the diplomatic corps, I ask you to drink with me the health of the American people."

Huerta's Message to Congress.

The text of Huerta's message to congress follows in part:

"In accordance with the constitution and the provisions governing this matter the executive of the union must report to the national assembly concerning the status of public affairs on two dates of the year corresponding to the two semi-yearly inaugurations of the ordinary sessions of congress.

"Having complied with this law by means of the report read in this chamber September 16 last, and April 1 being so far in advance in which the executive must report to you upon the state of the country's affairs, it must readily be understood that this brief message cannot be of the usual character of these reports, but that it must confine itself to giving an account of the political events which have happened since October 20, by virtue of a solemn promise given by me."

"To the nation and before the whole world I saw that the country is again on the straight, undeviating channel of the fundamental institutions of the republic.

Talks of Prejudice.

"This has been done within a peremptory term, which, notwithstanding its shortness, sets in relief before mind not actuated by passion and prejudice the undeniable good faith with which the government has been laboring to meet its duty and to restore the supremacy of law and peace in the midst of conditions which, without false modesty, we may say are sufficient to discourage the strongest spirit if it is not assisted by a great faith in right, justice and the destiny of the fatherland."

Tried to Dissuade Deputies.

"The efforts on the part of the executive to dissuade the chamber of deputies from its unpatriotic intentions were unsuccessful. It proceeded regardless of the consideration that then to place any obstacles in the sphere of action of the executive was to menace the life of the nation itself.

"The executive, nevertheless, was not lacking in foresight, but understanding at once the point to which the attitude of the national assembly was leading, tried by all possible means to avoid a conflict and to maintain with the legislative that power and that perfect co-operation without which all governmental action is impossible.

Says He Feared Anarchy.

"Congress became, by the enlisting of certain elements, a center of revolutionary activity, a sort of open agency of the northern rebels, who with arms in hands engaged in murder and pillage."

Dissolved Old Chamber.

"Being unable to vacillate under such conditions, the executive resorted to the last extreme measure and dissolved the chambers, using in this doing a necessary element of rigor which was needed under delicate circumstances. He then convened the people to new election, from which your power is derived.

"While the justice and utility of these acts may be the subject of controversy, yet in the end they shall always be subject to the motto of the Great Napoleon:

"The law is not violated when you save the fatherland."

Warns World is Watching.

"Messrs. Senators and Deputies, this is a most solemn moment in every respect, and one that is likely to prove decisive for the future of the nation.

WILSON AWAITS ACTS OF CONGRESS

Messages Being Passed Between President and U. S. Charge at Mexico City.

HUGE FLEET OFF MEXICO

Admiral in Charge of British Battleships Ordered to Republic Will Outrank Fletcher and Older Man May Succeed Him.

Washington, Nov. 20.—Negotiations between the Huerta government and the United States have stopped for the time being, but messages are passing to and from Charge O'Shaughnessy paying the way for future steps by the United States.

The meeting of the Huerta congress today was awaited with much interest. It was thought the United States' next move might be based on action taken by the congress. Expectation was that the congress would nullify the Mexican presidential election and arrange for a future election, and perhaps vote on certain concessions.

News that three big British cruisers had been ordered from West Indian ports to Vera Cruz caused comment in official circles.

It was pointed out, however, that the Washington government welcomed the appearance of foreign warships in Mexican waters and that the gathering of British, German, Japanese and French vessels off the coast might indicate to Huerta a growing lack of confidence on the part of the powers in his ability longer to maintain himself and assure the safety of foreigners in Mexico.

Briton Outranks U. S. Chief.

Interest was accentuated when a perusal of navy records revealed that the commission of Rear Admiral Sir Christopher Cradock, commanding the British armored cruiser, antedated that of Rear Admiral Frank F. Fletcher, commanding the American battleship squadron at Vera Cruz. Sir Christopher will be the senior officer of the international fleet at Vera Cruz. Under naval usage, should an international force be sent ashore for the protection of citizens at Vera Cruz or for a march to the City of Mexico to protect foreign legations, the commanding officer of that force would be the British rear admiral.

To obviate this it was said Rear Admiral Charles E. Vreeland, Rear Admiral W. H. H. Southerland or even Admiral Dewey might be dispatched to take Fletcher's place, as either of these would be senior in rank to Sir Christopher.

The interrupted parleys between General Carranza and William Haywood Hale at Nogales remained cloaked in secrecy. Officials minimized the importance of these negotiations.

Rebels to Storm Tampico.

Galveston, Tex., Nov. 20.—Agents of tank line steamers received a wireless message from the steamer C. A. Canfield en route from Tampico to Galveston to the effect that before departing from Tampico a large number of revolutionists had surrounded Tampico and were preparing to attack. The rebels had announced intention of taking the place by storm.

Douglas, Ariz., Nov. 20.—Thefts from the camp of the Ninth cavalry are becoming wholesale. About 3,200 rifle cartridges and a case of pistol ammunition were stolen from the quarters of Troop L and taken in an automobile to Agua Prieta, Mex. Four rifles had been stolen previously from another troop.

British Warships Sail.

Bridgetown, Barbados, Nov. 20.—Three British cruisers in West Indian waters sailed under peremptory orders for Vera Cruz.

London, Nov. 20.—Great Britain decided to send the warships to Mexican waters from Barbados to protect British subjects should the necessity arise.

OFFER TENER LEAGUE JOB

Baseball Magnates Want Governor to Head Body.

Harrisburg, Pa., Nov. 20.—Four representatives of National League baseball clubs tendered to Gov. John K. Tener the presidency of the league, and the governor will give his answer later. The committee arrived shortly after one o'clock at the capitol and were taken for an automobile ride by the governor, who later entertained them at luncheon. In the party were H. W. Hempstead, New York; Charles H. Ebbets, Brooklyn; H. Ackerman, Chicago, and W. H. Baker, Philadelphia. The committeemen said that the offer would be made public later, and it is understood that the presidency will be for five years at a salary of \$25,000 a year.

ASKS AID FOR MAIL CLERKS

Postmaster General Requests Gifts Be Sent Early.

Washington, Nov. 20.—Aid to Santa Claus' assistants, the overworked Christmas season mail clerks and carriers, was extended by Postmaster General Burleson.

He ordered sent to the 60,000 post offices in the country conspicuous placards requesting all persons to mail their Christmas parcels early, wrap them securely and address them plainly.

COUNTESS GONTAUT-BIRON

Countess Gontaut-Biron, formerly Miss Martha Leishmann, eldest daughter of John G. A. Leishmann, whose engagement to James Hazen Hyde, son of the founder of the Equitable Life Assurance society, is announced from Paris.

MURDERER IS SORRY

Kansas City Doctor Regrets Killing Chicagoan.

Wife of Physician Denies She Committed Wrong, But Admits Meeting Traveling Salesman.

Chicago, Nov. 20.—New developments marked the day in three cities as the result of the slaying of William Putnam Cramer by Dr. William T. Elam in a Kansas City hotel after a futile effort to reach an understanding over relations which Elam charged Cramer with having with Mrs. Elam. From Kansas City Doctor Elam, in a fit of remorse resulting from a sleepless night in the county jail, where he is held without bail, poured out a tale of regret.

In Chicago the invalid widow of Cramer lies in a state of nervous prostration at her home, 3500 Lake Park avenue.

Finally at the home of Mrs. J. M. West, mother of Mrs. Elam, in Detroit, the wife of the doctor-murderer, denied the charges made by her husband as well as the story of a proposed divorce.

"There was no cause for jealousy on the part of my husband," said Mrs. Elam. "I don't know why my husband did this thing. I think he is insane. We had no trouble. I was with him in Chicago last Saturday and everything was all right. I just came over to Detroit to visit my mother, as I often do."

"I did not know that Doctor Elam knew anything about my going to the theater with Mr. Cramer. We did not go at night. We went to the matinee and had dinner afterward. A woman friend of mine, who lives in St. Joseph, accompanied us. We were three together all the time. I did not know my husband or a detective had shadowed us."

Doctor Elam was held on a first degree murder charge on the recommendation of a coroner's jury in Kansas City. His preliminary hearing in a justice court was set for November 22. He was remanded to jail, without bond.

He sobbed brokenly in his cell. "If I had it all to do over, I'd never see him," the physician continued. "I'd forget him. I'm sorry, so sorry."

CANNOT CALL CONVENTION

Oversight at Chicago Meet Gives Board No Recognition.

Washington, Nov. 20.—When the Republican national committee meets here next month it will be confronted with the information that it has no authority to call a national convention or perform any other functions.

Republican leaders have discovered by perusing the proceedings of the Chicago 1912 convention that the customary authority was not conferred on the committee. The machinery for perpetuating the organization of the party, was laid on the table and forgotten.

It therefore will be necessary for the national committee to call the 1916 convention without specific authority. If it can do this many Republican leaders say there is no reason why it cannot revise the basis of representation without recourse to a special convention.

Real Turkey Trot in Texas.

Cuero, Tex., Nov. 20.—Governor Colquitt of Texas headed the annual "turkey trot" parade here, participated in by 5,000 turkeys, which stalked through the streets in droves of a few hundred each behind trained leaders.

DOUBLE PROFIT IN SALE TO FRISCO

Witness Says \$7,938,000 Were Reaped by Members of Syndicate.

PROFIT ON FREE LAND

A. T. Perkins Testifies at Hearing Being Held by the Interstate Commerce Board—\$3,000,000 Made by Purchase of One Road.

St. Louis, Nov. 20.—Double syndicate profits were disclosed at the interstate commerce board's hearing on the causes of the receivership of the St. Louis & San Francisco railroad.

Besides, the names of S. M. Felton of Chicago, David R. Francis and others were mentioned in the list of profit sharing syndicate members who promoted and sold small lines to the Frisco.

Altogether it was shown that \$7,938,000 in profits was reaped by members of such syndicates and that the syndicates were composed in the main of officers of the Frisco, who appeared as both buyers and sellers in the deals.

Profit on Land Given Road.

A. T. Perkins, syndicate manager, testified before Commissioner Clark that citizens and towns of Texas donated land to help build the St. Louis, Mexico & Brownsville railroad. He named Mr. Yokum, Samuel W. Fordyce of St. Louis, Robert S. Brookings, president of the trustees of Washington university; Thomas H. West, chairman of directors of the St. Louis Union Trust company and now one of the Frisco receivers, and Edward Whitaker, broker, as members of a syndicate that made \$300,000 through the sale of that land.

Part of the proceeds of the sale was used in making improvements in the territory traversed by the road.

Afterward the improvements were deeded to the West Texas Abstract and Guaranty company, which the syndicate captured.

Make \$3,000,000 on Line.

After showing what became of the land given to help the Brownsville road, Mr. Perkins testified that another syndicate, composed of 99 persons, sold the little railway itself to the Frisco system at a total profit of \$3,000,000, each subscriber realizing about 75 per cent. profit on his original investment.

Among the men in this syndicate, Mr. Perkins said, were Messrs. Felton and Francis, E. C. Simmons of St. Louis and the St. Louis Union Trust company.

Mr. Perkins said the Frisco paid for the Brownsville line \$12,445,000. This covered also a half interest in a bridge across the Rio Grande.

TAKE CHINESE SMUGGLERS

U. S. Agents Arrest Leader and Four Others at Detroit.

Detroit, Mich., Nov. 20.—War has been declared between rival bands of smugglers in human contraband along the Canadian border, and as a result George La Tour, for years leader of a band of "Chink runners," wanted in the United States on a smuggling charge and for jumping a \$1,000 bond, is in jail. With him are one other white man and three Chinese. The five were captured on the streets. For weeks the local immigration officers have been receiving letters from leaders of two smuggling bands, each "tipping off" the authorities to some way in which the rival band might be captured. In the attempt to smuggle the Chinese, La Tour successfully ran a gauntlet of immigration men patrolling the border, and reached the heart of Detroit before being apprehended.

PINCHOT MEN VICTORIOUS

Gain Indorsement of Federal Regulation of Water Power Rights.

Washington, Nov. 20.—Proponents of federal control of water power rights, led by Gifford Pinchot, former chief forester; Henry L. Stimson, former secretary of war, and Walter L. Fisher and James W. Garfield, former secretaries of the interior, won a victory in the national conservation congress here in the first test of strength on the paramount issue of the assembly.

By a vote of 424 to 154 a motion to refer to the resolutions committee that portion of the report of the committee on waterways which was unanimous was voted down, and the report subsequently adopted without a roll call.

Prison Is No Summer Resort.

Joliet, Ill., Nov. 20.—Warden Edmund M. Allen of the state penitentiary here was asked the possibility of following the suggestion of eastern prison reformers and allowing inmates of the penitentiary to return to their homes to spend Thanksgiving. "The idea is preposterous," said Allen. "This is a prison not a summer resort."

Pay Out Carnegie Pensions.

New York, Nov. 20.—Four hundred and four professors or widows of professors received pension money amounting to \$218,900 during the last fiscal year of the Carnegie Foundation for the Advancement of Teaching. It was announced at the annual meeting of the foundation trustees.

This Home-Made Cough Syrup Will Surprise You

Costs Little, but there is Nothing Better at any Price. Fully Guaranteed.

Here is a home-made remedy that takes hold of a cough almost instantly, and will usually conquer an ordinary cough in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for \$2.50.

Mix one pint of granulated sugar with 1½ pint of warm water, and stir 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. This acts perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps end a cough.

You probably know the medical value of pine in treating bronchitis, asthma, bronchitis, spasmodic croup and whooping cough. Pinex is a most valuable concentrated compound of Norway white pine extract, rich in guaiacol and other natural healing pine elements. Other preparations will not work in this combination.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

BULGAR DUELIST HURT

SOUGHT TO AVENGE HONOR OF BULGARIAN ARMY.

Lieut. Torcom Severely Wounded by George Breittmayer, One of France's Leading Swordsmen.

Paris, Nov. 20.—The most spectacular and fiercest duel fought in France during recent times took place in the Paris suburb, Montmorency, when Lieutenant Torcom, who had come from Sofia to avenge the honor of the Bulgarian army, which had been demolished by Pierre Loti and other French writers during the Balkan war, was badly wounded by George Breittmayer, one of the leading swordsmen of France.

The scene of the encounter was the secluded grounds of the estate of Breittmayer. Under the rules adopted for the duel, each of the principals was allowed 15 yards distance where-in to retreat, if had pressed.

Breittmayer fenced magnificently from the very beginning, and had no difficulty in obtaining the mastery over his opponent.

Torcom, a giant in stature, was thrice wounded during the Balkan war, and was awarded the Bulgarian medal for bravery. He battled desperately, but was unable to put his sword through the Frenchman, who had accused his army of atrocities and rapine.

Breittmayer succeeded in slightly wounding the Bulgarian in his right hand. He immediately forced the sword play and forced Torcom back to the limit of his distance for retreat. Roussier Dorières, director of the combat, warned the Bulgarian that he had reached his limit of retreat, whereupon Torcom shouted: "I won't retreat another inch. I would rather die where I stand."

ARE YOU GOING

TO CALIFORNIA?

I moved from Rockford, Illinois,
 to Los Angeles, California, one year
 ago. After several months of inves-
 tigation I purchased a ranch in
 Orange County, thirty miles east of
 Los Angeles. This location enjoys
 the most wonderful climate in the
 world. Now is the time to get a few
 acres for small ranch property, and
 put to Orange-Lemons or English
 Walnuts. I have secured option on
 some of the best land and delightfully
 located, close to Orange-Anaheim
 and Santa Ana. If you want infor-
 mation of this the most rapidly ad-
 vancing section, write me immedi-
 ately at Orange, Calif., R. D. No. 2.
 I also have four splendid income or-
 chard ranches. C. B. Berger. 73 3*

No Sailor.
 One of the characteristics of the
 Cape Cod native is the habit of un-
 derstatement, according to R. H.
 Schaffner in the Metropolitan Maga-
 zine, and for an example he gives
 the answer of an old "accommodation"
 driver in Provincetown who was
 asked if he had ever been a sailor.
 "No," he said: "No, I never followed
 the sea none to speak of. Oh, when I
 was young I done some fishin'; I
 went on a few whalin' voyages—per-
 haps a matter o' eighteen year in all;
 but I wouldn't say I'd ever done much
 fishin'."

Century Old, and in Good Health.
 George Clinton Paine, a citizen of
 Newark, N. J., who calls himself "the
 oldest book agent in the world," re-
 cently celebrated his one hundredth
 birthday. He is in excellent health—
 a condition for which he believes the
 drinking of buttermilk is largely re-
 sponsible.

AILING WOMEN OF MIDDLE AGE

Mrs. Hilbert Tells of Her Dis-
 tressing Symptoms During
 Change of Life and How
 She Found Relief.

Fleetwood, Pa.—"During the change
 of life I was hardly able to get around
 at all. I always had
 a headache and I
 was so dizzy and ner-
 vous that I had no
 rest at night. The
 flashes of heat were
 so bad sometimes
 that I did not know
 what to do.

"One day a friend
 advised me to take
 Lydia E. Pinkham's
 Vegetable Com-
 pound and it made me a strong well wo-
 man. I am very thankful that I fol-
 lowed my friend's advice and I shall
 recommend it as long as I live. Before
 I took the Compound I was always
 sickly and now I have not had medicine
 from a doctor for years. You may pub-
 lish my letter."—Mrs. EDWARD B. HIL-
 BERT, Fleetwood, Pa.

Such warning symptoms as sense of
 suffocation, hot flashes, headaches, back-
 aches, dread of impending evil, timidity,
 sounds in the ears, palpitation of the
 heart, sparks before the eyes, irregu-
 larities, constipation, variable appetite,
 weakness and inquietude, and dizziness,
 are promptly heeded by intelligent wo-
 men who are approaching the period in
 life when woman's great change may
 be expected.

Lydia E. Pinkham's Vegetable Com-
 pound invigorates and strengthens the
 female organism and builds up the weak-
 ened nervous system. It has carried
 many women safely through this crisis.

Fingers and the Calendar.
 No doubt most people remember
 the number of days in any particular
 month by recalling the rhymes they
 learned at school. Another method is
 practiced in Iceland, and it is so
 simple and ingenious as to be worth
 knowing. Shut the fist and let the
 knuckle of the forefinger represent
 January with its thirty-one days, and
 the depression between that and the
 next knuckle will represent February
 with its lesser number of days. And
 with every month that corresponds to
 a knuckle will be found to contain
 thirty-one days; and every month that
 corresponds to a depression a less
 number of days. The little finger will
 represent July, and beginning again
 with the forefinger knuckle it stands
 for August, and from this one con-
 tinues to count through the months of
 the year.—Harper's Weekly.

Indian Romance Revealed.
 The story of an Indian romance was
 revealed the other day in Indianapo-
 lis, when Big Chief Red Fox of the
 Sioux Indians visited the office of the
 county clerk and obtained a marriage
 license to wed Miss Evelyn C. Dunn,
 a girl of English-Indian parentage,
 living in that city. On the marriage
 application the chief's name is Wil-
 lam J. Humes. The name of his fa-
 ther is given as Black Eagle, an In-
 dian chief, who is now living in Mon-
 tana. His mother's name is written
 as Neawan, and her occupation is given
 as "squaw." The girl's father is
 Sittling Bull, Jr., according to the ap-
 plication, and he is said to live in Los
 Angeles, Cal., and is a retired gold
 miner. The girl's mother was an
 English woman, who came to this
 country and was married to the Indian,
 Sittling Bull, Jr.

Mrs. Emile Bott, 811 College

 highly now as we did some years ago
 when we first gave a statement. In
 their praise, I was rheumatic and
 most of the pain was through my
 back and kidneys. At night I didn't
 sleep well and in the morning was
 all tired out. I was nervous and diz-
 zy and my kidneys were out of or-

 was not helped until I used Doan's

ROAD IS THREATENED

C. B. & Q. Warned If Pass Is Not Forthcoming.

Name of State Senator Denvir of Illinois Attached to Letter in Hands of U. S. Body.

Chicago, Nov. 20.—Evidence purporting to disclose that a threat was made to force the Chicago, Burlington & Quincy Railroad company into the hands of receivers unless an annual pass over its lines was issued to State Senator John T. Denvir, a member of the Illinois legislative public utilities commission, was introduced at a hearing in the federal building before A. G. Guthrie, an examiner for the interstate commerce commission.

It was the first of a series of surprises which the commission has promised in connection with a state-wide inquiry into alleged blackmailing attacks on railways' violations of the interstate commerce law through the issuance of free transportation and the misuse of passes by persons entitled under the law to receive them. It developed that government agents for more than a year have been making a secret inquiry in Illinois into the pass question and have prepared scores of reports for use of the commission.

Two letters purporting to have been written by Senator Denvir to Chester M. Dawes, general counsel for the Burlington, were introduced before Examiner Guthrie, as well as replies made to them by Mr. Dawes.

Senator Denvir testified that he did not write the letter and declared that "somebody has been trying to play a joke." He admitted, however, that he had applied to several other railroads for passes.

Examiner Guthrie announced that he will prepare a report on the testimony and submit it at an early date for such action as the commission may desire to take.

Mexicans, but those of the whole civilized world are at this time watching us.

"In giving you in the name of the which all Mexicans may join hands in close fraternity may be forthcoming to the end that we may all devote our efforts to the great and fertile task of national reconstruction."

Speculation as to what President Wilson intends to do was increased by the knowledge that the American charge d'affaires, Nelson O'Shaughnessy, had received orders from Washington to wait at his post for further instructions and that important matters were under consideration.

republic my most hearty welcome I express the wish that the hour in The announcement that a British squadron was coming to Mexican waters created keen interest, but the effect on the Mexican mind was reassuring, because the Mexican people continue to look on Great Britain as a friend. In official quarters the dispatch of the squadron was styled as an act of courtesy.

The foreign colonies in the Mexican capital are preparing to defend themselves in the event of disturbances in the city, particularly should the final settlement be left to the Mexicans themselves.

Both Sir Lionel Garden and Admiral von Plintze, British and German ministers, have suggested to their nationals the advisability of perfecting some sort of defense organization.

No such advice has been given to the Americans, but committees are quietly working out a plan of defense.

For The Turkey

We have just received another big shipment of those elegant blue and white enameled roasters that have given our customers so much satisfaction the past few years.

The covers fit exact, the enamel is perfect, they are seamless, self-basting and have convenient tray inside.

We have 6 sizes costing from \$1.75 to \$3

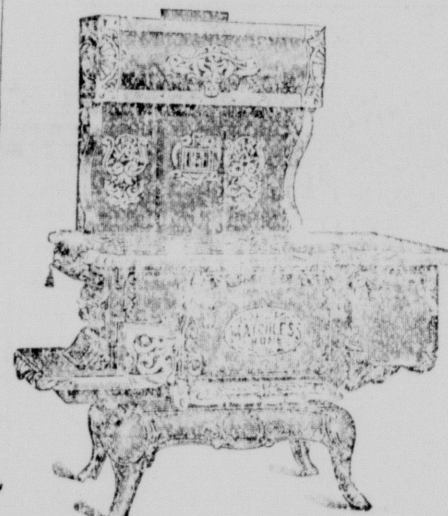

Most families need two—one for chicken and small roasts and one for turkey. If you have a small one let us sell you a large one; if you have a large one buy a small one. See them in our window.

Pure Sweet Cider IN TINS

is the way to buy it. It stays sweet when canned. When in bulk in the barrel it keeps gradually working stronger. The tins are lacquered and made perfectly safe for keeping cider. Cider is made in the fall and the only way to keep it sweet without using preservatives is to can it. It is put up in two sized cans. The two sizes are the same as canned peaches and gallon syrup and retail for 10c and 35c. Try a can when you need cider. It is always sweet.
